The Honorable Rosa L. DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Engine 236 Multi-Component Restoration in fiscal year 2027. The entity to receive funding for this project is FDNY, located at 9 MetroTech, Brooklyn, New York 11201. This funding would allow for a multi-component restoration to address water infiltration, specifically through a roof replacement and the waterproofing of the building's exterior. Water infiltration increases the likelihood of structural problems and mold accumulation inside the house, posing a long-term concern for member health and safety. This project is an appropriate use of taxpayer funding as members at this house will be even better positioned to provide top-notch emergency response to NY-8 constituents.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 5305(a)(4) and 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Hakeem Jeffries".
